SENTICA PARTNERS STRENGTHENS INVESTMENT TEAM

Aitor de la Torre has joined Sentica as a partner and a member of the investment team on January 4 2016. Previously he worked in Danske Bank Corporate Finance during years 2008-2015, out of which the last five years he served as a Director.

Aitor has 12 years' experience in investment banking from Danske Bank Corporate Finance and Summa Capital Oy. During his career, he has been an advisor in dozens of domestic and international M&A deals as well as capital market transactions.

"I'm familiar with Sentica through mutual projects and I have seen the teams' strong know-how in developing and supporting growth companies in good collaboration with other owners and the management. I'm excited to start building new Finnish growth stories and being able to bring my experiences from my investment banking career to the teams' and portfolio companies' use", states Aitor de la Torre.

"We are pleased to welcome Aitor on board. His versatile experience from different types of transactions and industries complements excellently our know-how. We will continue to look for new investment targets and to develop our portfolio companies persistently and responsibly according to our investment strategy", comments Sentica's CEO Mika Uotila.
